Attachments, which can be requested from the Secretariat:

-  *Rates of services, under the private regime or accredited by the NHS*
-  *Guides and information brochures on health services and performances, either privately or accredited by the NHS*
-  *Flowchart*

Dear user,

This Service Charter contains information that we believe is useful to learn more about our health care centre and how to access health services.

We would like to remind you that for the main services there are also information, guides or brochures, available at the health centers and on www.usi.it, in which you will find all the information on the healthcare offer of the **U.S.I.**

We hope that, also through this Service Charter, you will appreciate our constant commitment to concretely translating the values and principles that feed our Work, which identifies the "centrality" of the Patient as the most important objective, in the face of cutting-edge diagnoses and therapies in the medical field, in strict compliance with the principles of Evidence-Based Medicine (EBM).

Finally, we invite you to send us ideas and suggestions that can contribute to the continuous improvement of the organization, efficiency and sustainability of our healthcare ambulatory.

The Medical Director

Dr. Antonello Trecca

1. THE HEALTH CENTRE AND U.S.I.

U.S.I. (Unione Sanitaria Internazionale) S.p.A. was founded in 1953 by Dr. Luigi Sperone, becoming over the years an integrated health network consisting of more than thirty facilities and over five hundred specialized operators.

The most widespread healthcare ambulatory in Rome, since 2022 the U.S.I. has also been present in the Tuscany Region.

The U.S.I. Furio Camillo headquarters in Via Cerreto di Spoleto, 21, is extended on one level and provides the following health services, which are subsequently deepened:

- CLINICAL LABORATORY ANALYSIS: SAMPLING POINT;
- SPECIALIST MEDICINE AND INSTRUMENTAL DIAGNOSTICS ON AN OUTPATIENT BASIS;
- DIAGNOSTIC IMAGING: TRADITIONAL RADIOLOGY.

The ambulatory is accredited with the Health Service of the Lazio Region (the regional accreditation resolutions are reported at the bottom of the page of the title page of this service charter). Countless services are provided in agreement with the NHS or with private bodies, as detailed in the following chapters.

The structures of the U.S.I. Group provide an integrated, wide and advanced healthcare offer in the field of Clinical Laboratory Analyses (*Clinical Chemistry, Molecular Biology, Cyto-Histopathology*), Diagnostic Imaging and Nuclear Medicine (*Magnetic Resonance Imaging, CT, Digital Radiodiagnostics, Ultrasound, PET, Scintigraphy*), Specialist Medicine and Occupational Medicine, Cancer Prevention and Treatment (*Radiation oncology*).

U.S.I. It consists of the following healthcare facilities:

LAZIO

U.S.I. PRATI via Virginio Orsini, 18 Roma
AXA-PALOCCO via Eschilo, 191 Roma
BORGHESIANA via Casilina, 1838 Roma
CINECITTÀ viale Bruno Rizzieri, 203 Roma

VIAREGGIO via Amerigo Vespucci, 172 - Viareggio (LU)
LIVORNO ARTIGIANATO via dell'Artigianato, 53/55 - Livorno

2. QUALITY, CLINICAL RISK MANAGEMENT, SUSTAINABILITY

Since its foundation , U.S.I. applies advanced quality control and management systems that involve participation in national and international programs. All services are provided in compliance with guidelines and methods recognized by the scientific community. Clinical risk is assessed at all stages of the healthcare pathway.

The *vision* and *mission* of the U.S.I. they can be summarized in a wide range of healthcare services, of high quality standards, accessible and widespread throughout the territory, based on highly qualified personnel, advanced technologies and management models oriented towards Quality, Safety, Effectiveness, protection of users' rights and economic, environmental and social sustainability.

The *vision* and *mission* of the U.S.I. they can be summarized in a wide range of healthcare services, of high quality standards, accessible and widespread in the territory, based on highly qualified personnel, advanced technologies and management models oriented towards Quality, Safety, Effectiveness, protection of users' rights and economic, environmental and social sustainability.

The processes are constantly monitored through indicators relating to the quality of performance, analytical accuracy, waiting times, rates of repetitions and cancellations of services, satisfaction of users and interested parties, incidence of non-conformities, complaints, incidents, adverse events and the effectiveness of the improvement actions.

The ambulatory's Quality System is certified according to the international standard UNI EN ISO 9001:2015 issued by a prestigious certification body.

The health ambulatory is also accredited with the Health Service of the Lazio Region, on the basis of the *additional requirements for the accreditation of health facilities*, governed by the reference legislation.

3. INFORMED CONSENT, RIGHTS AND OBLIGATIONS OF THE PATIENT

The healthcare ambulatory actively guarantees the right of patients and users:

- ✓ informed in an appropriate and comprehensible way about their state of health and about the characteristics, risks and alternatives to the services that concern them, expressing their consent or refusal in advance;
- ✓ to be assisted with care, impartiality, confidentiality and confidentiality, with respect for their own time, dignity, needs and philosophical or religious convictions;
- ✓ the transparency and simplicity of administrative procedures;
- ✓ the Safety and Quality of health services;
- ✓ to the complaint and to an appropriate response.

Please note that it is always advisable to:

- ✓ inform staff of any needs related to their health conditions, to prevent any risks (e.g. in the event of problems related to patient mobility or therapies already in progress);
- ✓ a behaviour based on respect and understanding of the rights of other users and patients, as well as trust and collaboration with healthcare personnel;
- ✓ compliance with the timetables of the booked services, informing in case of delays or cancellations.

4. USER PROTECTION, SUGGESTIONS AND COMPLAINTS

Suggestions or complaints can be made through www.usi.it , on "white paper" or on the *Satisfaction Questionnaire* available in the acceptance secretariat and once completed to be placed in the appropriate containers or to be sent by ordinary mail or e-mail to the addresses indicated in this Service Charter.

Complaints and suggestions are analysed by the Health or Technical Laboratory Management and the departments involved and a response is ensured as soon as possible, in any case no later than 30 days, except for important obstructive causes.

It is also possible to lodge a complaint with the TRIBUNAL FOR PATIENTS' RIGHTS (Viale Angelico, 28, 00195 Rome, Tel. 06/3729924, 06/6385881 e-mail: roma@cittadinanzattiva.it).

5. ACCESS TO SERVICES AND COSTS

Services in agreement with the NHS

An NHS referral issued by the attending physician is required, which also indicates any exemptions. As a rule, the referral is valid for one year and contains up to eight benefits for the same industry.

For services in agreement with the NHS, the same rates are applied as for public facilities.

Services under the private sector or under agreements with private entities

A prescription from your doctor or specialist may be required for certain services. Please refer to the following chapters of the service charter in relation to the specific services.

Information on the costs of services provided under a private regime or under an agreement with private organizations and on any specific or multidisciplinary health packages is provided at the admission secretariats or by contacting the single number **06 32868.1**.

Preparation and other performance information

Information on the timing, preparation methods and characteristics of the health services are available at the admission secretariats or by contacting the single number **06 32868.1**.

On **the www.usi.it website**, information containing indications for correct preparation and information on the health services provided can also be consulted.

Further information can be found in the following chapters of the service charter in relation to the specific services and in *brochures* available at the ambulatory for certain services.

Please note that health information can only be issued by the health personnel in charge of the services.

Payment methods

Payment for services can be made in cash and by bank card. For further payment methods, you can request information at the time of booking or by calling **06 32868.1**

For information on entering into agreements with private organisations, please contact the relevant office at the e-mail address convenzioni@usi.it.

Preferential access and emergencies

Preferential paths are provided for patients in fragile conditions (e.g. reduced mobility or affected by oncological or debilitating diseases), also considering the needs related to religious beliefs or cultural aspects.

For any emergencies, the healthcare staff concerned evaluates the execution of the analyses within the time required, establishing the time for the release of the complete or partial report in the shortest possible technical time.

Inform us of any needs during the acceptance phase or contact the single number **06 32868.1** to agree on the appropriate preferential access methods.

More useful information

At the ambulatory there is staff able to communicate in **English** and/or other foreign languages. An English version of the Service Charter is available and can be requested from the Secretary's Office.

The staff of the health ambulatory, even in the training phase, can be identified by their identification card.

Hand cleaners are available at the property. Proper hand hygiene easily prevents most healthcare-associated infections (HAIs). Consult the www.usi.it website for the information campaigns on prevention promoted by the U.S.I.

6. COLLECTION OF REPORTS

The collection of the reports and any related attachments can be done at the Acceptance Secretariat or "online", by activating the relevant service at the time of acceptance.

Please note that the reports can only be delivered, according to the deadlines set out in chapter 7:

- a) to the person directly concerned or delegated person (who must present his/her identity document, the proxy and a copy of the identity document of the delegating party);
- b) in the case of a minor, to the interested party with an identity document or to those who exercise parental authority, with an identity document;
- c) to the guardian or curator with an identity document and the necessary documentation.

The preservation of health documentation is carried out in accordance with the mandatory legislation. For any duplicates of paper reports, consider the ordinary times defined according to the type of report (see chapter 7).

7. PERFORMANCE AND WAITING TIMES

In the following chapters, the following chapters are detailed for each specialist branch:

- the medical or technical manager
- specific informations on how to book and access
- services provided under a private regime or under an agreement with the NHS
- waiting times for booking, access and reporting

OUTPATIENT SPECIALIST MEDICINE

Medical Director: Dr. Antonello Trecca

Booking & Access

- Book the service on site, through the call center at **06 32868.1** or on **www.usi.it**.
- At the visit, it is advisable to show documentation of any previous or ongoing diagnostic tests or therapies.
- The Acceptance Secretariat is available for information on the services provided under the private regime or in agreement with private entities, on the relative times, costs and on the specialist staff of reference.

Authorised specialist medical services provided privately and related waiting times

The following services of Specialist Outpatient Medicine are authorised and privately provided at the health ambulatory:

ALLERGOLOGY AND IMMUNOLOGY	OPHTHALMOLOGY	UROLOGY
ANGIOLOGY	INTERNAL MEDICINE	ORTHOPAEDICS and TRAUMATOLOGY
CARDIOLOGY	NEUROLOGY	GYNECOLOGY
ENDOCRINOLOGY	ENT	PULMONOLOGY
DERMATOLOGY	GASTROENTEROLOGY	
METABOLIC DISEASES AND DIABETOLOGY		

Waiting time per booking: min. 1, max. 7 working days. The report is delivered at the end of the service. Any changes in delivery times are communicated to the Patient by the person in charge of the service.

DIAGNOSTIC IMAGING

Director: Dr Carmen Colacci

Booking and access

- Mr. and Mrs. Patients can book on site, by phone or on the website.
- To access the services in accreditation with the NHS, a medical request is required (demanding NHS on "pink prescription" or electronic). A medical prescription may be required for private benefits.
- Secretary is available for information on the services provided under the private regime or in agreement with the NHS or other organizations, on the relative times, costs and on the specialist team.
- Consult www.usi.it or secretariat for information about the correct preparation of the Patient for the required health services.

Diagnostic Imaging services accredited with the NHS and related waiting times

RX ALSO	X-RAY OF THE PARANASAL SINUSES	RX KNEE (RIGHT OR LEFT)
RX DENTAL ARCHES LOWER / UP	Complete digestive system X-ray	RX ELBOW (RIGHT OR LEFT)
LOWER LIMBS RX	DIRECT RX OF THE COMPLETE URINARY SYSTEM	LARYNX RX
PELVIS RX	VACUUM ABDOMINAL DIRECT X-RAY	RX HANDS

CHEST X-RAY (dors.)	RX SALIVARY GLANDS	
SKULL RX		

- ULTRASOUND: Articular, Mammary, Soft parts, Pelvic, Prostatic (Transrectal biplane), Testicular, Thyroid.
- ECOCOLORDOPPLER: Abdominal aorta, renal arteries, carotid, thyroid, testicular, supra-aortic vessels. It's possible to request information about other additional radiological services performed at this or other clinics of U.S.I. group in private regime.

CLINICAL LABORATORY ANALYSIS: Sampling Point

Technical Director of the Clinical Analysis Laboratory: Dr. Vincenzo Genovese

Booking & Access

- Pick-ups can be made without reservation by going directly to the ambulatory at the times indicated on the last page of this service charter.
- Home samples are taken, the Acceptance Secretariat is available for the relevant information.
- It should be noted that the "pre" and "post-analytical" phases of the examinations are carried out at the ambulatory's laboratory. The analytical phase of the sample is carried out in the "HUB" laboratory of reference of the U.S.I. Group. Related information is always reported in the reports, which indicate the laboratory that performed the analysis.

K-RAS GENE MUTATION ANALYSIS

AB ANTI-EPSTEIN BARR VIRUS IGM	AB ANTI-POLIO	FRAGMENT ANALYSIS
AB ANTI - H. PYLORI IGG	AB ANTI-PROTEINASE 3 IGG	BRCA2 GENE MUTATION ANALYSIS
AB ANTI - PARAINFLUENZA TYPE 1	AB ANTI-ACETYLCHOLINE RECEPTOR	MUTATION ANALYSIS OF THE BRCA1 GENE
AB ANTI - PARAINFLUENZA TYPE 2	AB ANTI-TSH RECEPTOR	MLH1 GENE MUTATION ANALYSIS
AB ANTI - PARAINFLUENZA TYPE 3	AB ANTI-REO VIRUS	MSH2 GENE MUTATION ANALYSIS
RET PONCOGENE MUTATION ANALYSIS	CLAMYDIA TRACHOMATIS (PCR)	HEMOGLOBIN ELECTROPHORESIS
SEQUENCE ANALYSIS	CREATININE CLEARANCE	URINARY PROTEIN ELECTROPHORESIS
CYST FIBROSIS GENE SEQUENCE ANALYSIS	UREA CLEARANCE	PLATELET HEMATOCRIT
MSH2 AND/OR MLH1 SEQUENCE ANALYSIS	CLOSTRIDIUM (CULTURE)	HEMOCHROMATOSIS 15 MUTATIONS
RET MUTATION SEQUENCE ANALYSIS	CLOSTRIDIUM DIFFICILE	EMOCROMATOSI (H63D, S65C, C282Y)
ANDENOVIRUS IN FECES (RESEARCH)	PLASMA COBALT	GLYCOSYLATED HEMOGLOBIN (HBAIC)
ANEUPLOIDIES ON ABORTIFACIENT MATERIAL	ESTERIFIED CHOLESTEROL	EOSINOFIL FECALI
ANEUPLOIDIE QF - PCR 21 - X- Y	COLESTEROLO HDL	EOSINOPHILS IN URINE
ANEUPLOIDIE QF - PCR 21 - X- Y - 18 -13	LDL CHOLESTEROL	EPATO QUICK
PLATELET ANTIGENE HPA - 1	COLESTEROLO VLDL	EPSTEIN BARR
ANTI IA2	COLINESTERASI (37°)	EXAMINATION CITO. - NEEDLE ASPIRATION
ANTIIDIURETINA	IN VITRO INTESTINAL MUCOSAL CULTURE	EXAMINATION CITO. - NEEDLE ASPIRATION 2° SAMPLE
EXTRACTABLE NUCLEAR ANTIGEN	TOTAL COMPLEMENT	CYTOLOGICAL EXAMINATION - SECRETED
APLOTYPY Y	ADDIGIS COUNT	CYTOLOGICAL EXAMINATION - SECRETED 2ND SAMPLE
APOA1	COPROPORPHYRINS	URINE CYTOLOGY
APOLIPOPROTEIN B	COTININA TEST	HAEMOPHILUS
APTOGLOBIN	COVIG SARS-COV-2-IGG	HBDH
ARSENIC URINARY	COVIM-SARS-COV2-IGM	HBV (QUALITATIVE)
THIRD ANTITHROMBIN ACTIVITY	THE2 ANTI SARS' IG TOTALI	HBV (QUANTITATIVE)
URINARY AZOTO	COV2R ANTI SARS' IG TOTALI REFLEX	HBV TYPING (PCR)
BACILLO DI KOCH (PCR)	CREATININOSFOKINASI (CPK)	HBV-DNA (PCR) (QUALITATIVE)
BETA - THALASSEMIA (23 MUTATIONS)	CREATINURIA	HCV (QUALITATIVE)
BETA-2 BLOOD MICROGLOBULIN	CREATINURIA - 2ND SAMPLE	HCV (QUANTITATIVE)
BETA-2 URINARY MICROGLOBULIN	CRYOAGGLUTININS	HCV TYPING - GENOMICS RESEARCH
BETA HCG FREE	CRYOGLOBULINS	HCV-AB IGM
BICARBONATE	CHROMIUM IN THE BLOOD	HCV-RNA (QUALITATIVE)
BORDETELLA PERTUSSIS (CULTURED)	CHROMIUM IN URINE	HELICOBACTER P. AG RESEARCH ON FAECES
BRAF (V600E)	CHROMOGRANIN A	HERPES VIRUS ½
BRCA1 (WHOLE GENE)	URINARY CROSS LAPSE	HIV 1+2 (FOURTH GENERATION ELFA)
BRCA2 (WHOLE GENE)	DEPAKIN	QUANTITATIVE HIV
BTA (BLADDER TUMOR ANTIGEN)	MEAN CORPUSCULAR DIAMETER	QUALITATIVE HIV
C-1 Q	BLOOD DICHLOROMETHANE	HIV WESTERN BLOT
C-3	URINARY DICHLOROMETHANE	HLA - LYMPH TYPING. HLA (DR+DQ)
C-4	DI-DIMER	HLA CLASS A GENOMIC TYPING
CA 27-29	MYOTONIC DYSTROPHY	HLA CLASS B GENOMIC TYPING
CA 72-4 (ECL)	DUCHENNE/BECKER MUSCULAR DYSTROPHY (LEVEL I SCREENING)	HLA CLASS C GENOMIC TYPING
CADMIUM IN THE BLOOD	FETAL HEMOGLOBIN ASSAY	Sell on hala
CADMIUM IN URINE	HBA2 DOSAGE	HLA FOR TYPE 1 DIABETES
FE BINDING CAPACITY (TIBC)	DROGHE ANPHETAMINES URINARIA	HLA FOR NARCOLEPSY
CARBAMAZEPINA	URINARY BARBITURATE DRUGS	HLA FOR PSORIASIS
CARBOXYHEMOGLOBIN	URINARY BENZODIAZEPINE DRUGS	HLA FOR ANKYLOSING SPONDYLITIS
MOLECULAR KARYOTYPE (ARRAY- CGH)	URINARY CANNABINOID DRUGS	HLA PER UVEITE
CARNITINE	DROGHE URINARY COCAINE	HLA-A
CARNITINE (SEMINAL L.)	Droghe MDMA Urinario	HLA-B
FRACTIONAL CATECHOLAMINES	URINARY METHADONE DRUGS	HLA-C
PLASMA CATECHOLAMINES	URINARY METHAMPHETAMINE DRUGS	HLA I CLASS
TOTAL CATECHOLAMINES - URINE 24H	URINARY OPIOID DRUGS	CROSS II CLASSE
CELIACHIA (DQ2/DQ8)	DRUGS ON KERATIN MATRIX	HLA in the second class
CERULOPLASMIN	DRUGS ON KERATIN MATRIX: BARBITURATES	HPV RNA (PCR)
CHILFY	DRUGS ON KERATIN MATRIX: AMPHETAMINES	HPV TYPING (PCR)
CHLAMYDIA TRACHOMATIS	DRUGS ON KERATIN MATRIX: BENZODIAZEPINES	HTLV 1/2
CYSTATIN C	DRUGS ON KERATIN MATRIX: CANNABINOIDS	KRAS (CODON 12-13-61)
CYSTINE IN URINE	DRUGS ON KERATIN MATRIX: COCAINE	URINARY HYDROXYPYRENE (END OF SHIFT)
CITOMEGALOVIRUS (PCR)	DRUGS ON KERATIN MATRIX: MDMA	HYDROXYPROLINURIA (ZENDER'S M)
CITRATURIA	DRUGS ON KERATIN MATRIX: METHADONE	IMMNOELECTROPHORESIS
CHLAMYDIA (IMMNOCHROMATOGRAPHY)	DRUGS ON KERATIN MATRIX: OPIATES	LYMPHOCYTE IMMNOPHENOTYPING
CIRCULATING IMMUNE COMPLEXES	MELANOMA FAMILIARE E/O MULTIPLO (CDKN2A,P14, CDK4) INTERI GENI	PROPEPTIDE NATRIURETICO BRAIN
URINARY IMMUNOELECTROPHORESIS	MERCURY	PROTEIN C (COAGULATIVE)
IMMUNOGLOBULINE - IGG 1	URINARY MERCURY	PROTEIN S (COAGULATIVE)
IMMUNOGLOBULINE - IGG 2	METHEMOGLOBIN	PROTEIN C.R. (QUANTITATIVE)
IMMUNOGLOBULINE - IGG 3	PLASMA METHANEPHRINE	CATIONIC EOSINOPHIL PROTEIN
IMMUNOGLOBULINE - IGG 4	METANEFRIINA URINARIA	P16 PROTEIN
IMMUNOGLOBULIN A	TUBERCULAR MYCOBACTERIUM	PROTEIN URINARIA
IMMUNOGLOBULIN D	MICOPLASMA HOMINIS (PCR)	URINE PROTEINS - 2nd sample
IMMUNOGLOBULINE G	MYCOPLASMA (CULTURE RESEARCH)	PROTEINURIA IN BENCE-JONES
IMMUNOGLOBULIN G- SUBCLASSES	MICROALBUMINURIA	CONCENTRATION TEST
IMMUNOGLOBULINE N	Y CHROMOSOME MICRODELETIONS	DILUTION TEST
IMMUNOGLOBULAR SALIVAR IGA	Milgram Towder	HEMOGENIC TESTS
IMMUNOSUPPRES. ACIDIC PROTEIN	SERUM MYOGLOBINS	PTT
C-1 EXTERASE INACTIVATOR	MONONUCLEOSIS (TEST)	STEINIZ QUOTIENT
INHIBIN B	MUCOPROTEINS	R.P.R. (RAPID PLASMA REAGIN)
MICROSATELLITE INSTABILITY	NEFA	CAU (++) / CREATININE RATIO
FOOD INTOLERANCE (181 FOOD)	NEISSERIA GONORRHOEAE	CONSANGUINITY RATIO X LINKED
FOOD INTOLERANCE (94 HOURS)	FECAL NEUTROPHILS	INBREEDING AND LINKED RATIO

URINARY IODINE (MCG/L)

 URINARY ZINC
 ZINC PROTOPORPHYRIN

Ask the secretariat for information on any exams introduced after the publication of this document.

Waiting times for clinical analyses in private care	
Performance	Waiting times for the report
CLINICAL CHEMISTRY, COAGULATION AND HEMATOLOGY	On the same day
HORMONEOLOGY (thyroid, fertility, tumor markers, hepatitis B markers)	2 days
IMMUNOLOGIA (TORCH, AIDS, HCVAB)	3 days
ALLERGOLOGY	5 days
MICROBIOLOGY AND PARASITOLOGY	Depending on cultivation times
MOLECULAR BIOLOGY	7 days - 30 days
GENETIC CYTOTYPE (karyotype, Arry CGH)	7 days - 20 days
CYTO-HISTOLOGY PATHOLOGY	15 days

Timing of release of clinical analysis reports for emergencies	
Performance	Waiting times for the report
HEMATOLOGY, PT-INR, TROPONIN; GLUCOSE; CREATININE	Max 6 HOURS

8. LOCATION AND CONTACT DETAILS

The health centre is located in Rome in Via Cerreto di Spoleto n. 21, the clinic can be easily reached via the metropolitan, linea "A" stop Furio Camillo and the railway line ATAC passing by via Tuscolana

SITO WEB: www.usi.it

E-MAIL: info@usi.it

TELEPHONE NUMBERS:

- USI number for acceptances and reservations: **06 32868.1**

9. OPENING DAYS AND HOURS

Center Opening

Monday – Friday: 7.00 a.m.-7.00 p.m.

Saturday: 7.00 a.m.-1.00 p.m.

Levies

Monday – Saturday: 7.00 a.m.-11.00 a.m.

Withdrawal Analysis

Monday – Friday: 10.00 a.m.-7.00 p.m.

Saturday: 11.00 a.m. – 1.00 p.m.
