Dear Madam, Dear Sir,

In welcoming you, we present the "Service Charter" of our health facility, drawn up in accordance with the reference regulations including DCA 311/2014 Regione Lazio, in which we report a series of information that we consider useful for patients and their cares.

La Carta Le will allow you to learn more about our structure and providing you with information on the health offer, on the specialized services provided and on the relative methods of access.

The hope is that, also through the reading of the Charter of Services, you can appreciate our constant commitment to concretely translate the values and principles that feed our work, which identifies in the "centrality" of the Patient the most important objective, in the face of diagnosis and therapies however at the forefront in the medical field, in strict compliance with the principles of Evidence-Based Medicine (EBM).

It should also be noted that this Service Charter refers to the Guides to the Services provided. In particular, for the main services provided, complete information brochures have been prepared, but easy and quick to consult, available at the appropriate exhibitors located at the waiting rooms.

Finally, we invite you to point out ideas and suggestions, which can contribute to the continuous improvement of the organization and efficiency of our health facility.

The Medical Director

Dr. Antonella Noschese

1. PRESENTATION

U.S.I. (Unione Sanitaria Internazionale) S.p.A. was founded in 1953 by Dr. Luigi Sperone, becoming over the years the most present health reality in Rome, with a network of 24 health facilities widely distributed throughout the metropolitan area and more than 500 specialized operators.

U.S.I. Pietralata is located in Via dei Durantini 362, is extended on one level and provides the following health services, subsequently deepened

- Clinical Laboratory Analysis;
- Specialized Medicine and Instrumental Diagnostics;
- Diagnostic Imaging (Traditional Radiology).

The structure is accredited with the National Health Service (NHS or, in Italian, SSN/SSR) of the Lazio Region (the regional accreditation resolutions are shown at the foot of the title page of this service charter). The numerable benefits are provided in agreement with the NHS or with private bodies, as detailed in the following chapters.

The facilities of the U.S.I. Group provide an integrated, wide and advanced healthcare offer in the field of Clinical Laboratory Analysis (Clinical Chemistry, Molecular Biology, Cyto-Histopathology), Diagnostic Imaging (Magnetic Resonance, CT, Digital Radio diagnostics, PET, Ultrasound), Specialized and Occupational Medicine, cancer prevention and treatment.

The **U.S.I. Group** consists of the following health facilities, all located in the municipality of Rome:

2. QUALITY AND CLINICAL RISK MANAGEMENT

U.S.I. applies since its foundation advanced quality control and management systems of all health services, which are provided in compliance with guidelines and analytical methods recognized by the scientific community.

The company's "vision", "mission" and quality policies are aimed at providing high-quality health services, using advanced biomedical technologies, the involvement and competence of staff, correct communication, compliance with mandatory requirements and volunteers, health promotion and protection of patient rights, risk prevention techniques and continuous improvement.

Business processes are monitored through indicators that also refer to: outcomes and characteristics of performance; waiting times; rate of repetition of withdrawals; analytical accuracy; satisfaction of users, patients and Stakeholders; incidence of "non-conformities", complaints, accidents or "quasi-accidents" in the field of Health and Safety in the workplace, adverse events or "sentinel", the effectiveness of the actions consequently undertaken.

The controls include participation in quality planning and quality programs at national and international level.

All U.S.I. Group properties are certified according to the international standard UNI EN ISO 9001:2015 issued by a prestigious certification body. The laboratory of U.S.I. Prati has obtained the IMQ LAB-MED certification, which provides for compliance with particularly strict standards in terms of Quality and accuracy of the analytical result.

The health facility is also accredited with the Health Service of the Lazio Region (NHS or SSN/SSR), on the basis of the Additional requirements for the accreditation of health facilities, governed by the reference legislation.

Any elements of clinical risk are evaluated at all stages of the patient's health path.

3. INFORMED CONSENT, RIGHTS AND DUTIES OF THE PATIENT

U.S.I. Pietralata actively guarantees the following patient's rights:

- to be informed in an appropriate and comprehensible way by the health personnel on their state of health and on characteristics, risks, alternatives in relation to the health services that concern them, expressing their consent or denial in advance;
- to be assisted with attention, impartiality, with respect for one's own time, one's own dignity, one's own needs and philosophical or religious convictions;
- transparency and simplicity of administrative paths;
- the confidentiality and confidentiality of the health services received;
- safety and quality of health services;
- to the complaint and to an appropriate response.

Users are required to always inform the acceptance or health staff of the structure of any needs related to their health conditions, to prevent any risk of adverse or unwanted events (e.g. in case of problems related to patient mobility or therapies already in progress).

It recalls the importance of user behavior based on respect and understanding of the rights of other users and patients, as well as trust and collaboration towards health personnel.

Compliance with the schedules of the services booked is required, informing in case of delays or cancellation.

It is also recalled that smoking is strictly forbidden in the structure.

4. USERPROTECTION, SUGGESTIONS AND COMPLAINTS

Suggestions or complaints can be made by users through the [website www.usi.it](http://www.usi.it), on "carte blanche" or on the Satisfaction *Questionnaire* that can be collected at the waiting rooms of the facilities and to be inserted in the appropriate containers or to be sent by ordinary mail, e-mail or fax to the addresses indicated in this Service Charter.

The functions in charge and the collection of complaints are Secretary and each signed report will be ensured a response as soon as possible and in any case no later than 30 days from the presentation of the same, except for important obstacle causes. la Direzione Sanitaria.

It is also possible to lodge a complaint with the TRIBUNALE PER I DIRITTI DEL MALATO (Viale Angelico, 28, 00195 Rome, Tel. 06/3729924, 06/6385881 e-mail: roma@cittadinanzattiva.it).

5. ACCESS TO BENEFITS AND COSTS

- To access services in **accreditation with the NHS**, a request from the attending physician (binding NHS on "pink prescription" or electronic) is required, which also indicates any exemptions. As a rule, the commitment is valid for one year and contains up to 8 benefits for the same branch. For services in agreement with the NHS, the same rates are applied as for public facilities.
- To access services under a private regime, or in agreement with private bodies, a request from the attending physician or specialist may be necessary (refer to the following chapters for specific services).
- At the acceptance secretariats or by contacting the unique number **06 32868.1** information is provided on times, costs and methods of preparation for the health services provided and estimates can be requested. On the **website www.usi.it**, special "information" can also be consulted for the correct preparation of the patient for the required health services.
- It is possible to pay for the services by cash, bank checks, bancomat or bankcards.
- For any **emergencies**, the health personnel concerned evaluates the execution of the analyzes in the time required, establishing the time of release of the complete or partial report in the shortest possible technical time.
- The health structure implements health promotion initiatives, preparing information campaigns and specific or multidisciplinary health packages in relation to the major diseases treated. Health packages may include medical, radiological or clinical analysis services. It is possible to refer to the website or request information during the acceptance phase in relation to any initiatives in progress.
- Staff are available at the property who can communicate in **English** and/or other foreign languages. An English version of the Service Charter is available, which can be requested at the Segreteria.
- The structure guarantees health services that take into account the religious convictions or cultural aspects of the Patient. Please point out any needs during the acceptance phase to agree on the appropriate methods.
- At all the health facilities of the U.S.I. Group there are preferential bears for patients in conditions **of fragility** (e.g. reduced mobility or pregnancy) or affected by oncological pathologies.
- In consideration of the **Covid-19** health emergency, access to the structure is regulated in accordance with the reference legislation, as indicated in the appropriate signs. In the structure are available detergents-disinfectants for the hands and any additional protective aids.
- Further information on how to book and access can be found in the paragraphs on specific services.

6. THE WITHDRAWAL OF REPORTS

The collection of the reports and any attachments can be made at the Acceptance or "on-line", Secretary activating the relative service at the time of acceptance.

Please note that the reports can only be delivered:

- to the person directly concerned or delegated person (who must present his identity document, the proxy and a copy of the identity document of the delegating);
- in the case of a minor, to the person concerned with an identity document or to the person exercising parental authority, equipped with an identity document;
- to the guardian or curator with an identity document and the necessary documentation.

As a rule, duplicates of digital reports can be released immediately, for any duplicates of paper reports, the ordinary times defined according to the type of report are to be considered (see chapter 7). However, request information from the Acceptance Secretariat.

7. PERFORMANCE AND WAITING TIMES

It is possible to request information from the secretariat about any further examinations introduced after the issuance of this service card.

The waiting times for booking and for the collection of reports and attachments relating to clinical analysis services provided in a private regime are shown in the following table:

Waiting times for clinical analysis in private	
Performance	Waiting time for the report
CLINICAL CHEMISTRY, COAGULATION AND HEMATOLOGY	Same day
HOMONOLOGY (thyroid, fertility, tumor markers, hepatitis B markers)	2 days
IMMUNOLOGY (TORCH, AIDS, HCVAB)	3 days
ALLERGOLOGY	5 days
MICROBIOLOGY AND PARASITOLOGY	Depending on the timing of cultivation
MOLECULAR BIOLOGY	7 days - 30 days
CITO GENETICS (karyotype, Arry CGH)	7 days - 20 days
CYTO-ISTO PATHOLOGY	15 days

8. LOCATION AND CONTACT DETAILS

U.S.I. PIETRALATA is located in Rome in Via dei Durantini 362 (Pietralata-Monti Tiburtini area) and is easily accessible via B (Fermata Monti Tiburtini) and the countless bus lines 111, 211 e 61.
